NB: For those Board Paddlers who intend to paddle in the earlier ski event, you are allowed a representative to attend the Board Paddle briefing on your behalf if you require further rest prior to backing up and paddling a board leg. Your representative will also be required to register for your board event as well – as you will be given a new "board paddling" registration number, which will supersede your ski paddling number. This allowance of a representative to attend on your behalf is only permitted if you are competing in the ski and then the board events, otherwise all paddlers must attend for their own registration and briefings.
