

DATE: 16th December 2013
SUBJECT: Use of any Video recording equipment on club craft
Approved by: Executive Management Committee

The following policy statement was adopted at the Mooloolaba Executive Management Committee meeting held 16 September 2013 and adopted as Policy from 1 December 2013:

POLICY

BACKGROUND:

Over past months there have been a number of video recording devices such as “GoPro cameras” and some members have placed these video recording devices on club craft to record various activities.

To protect the club, members and the association, from risk of litigation or use of unapproved recorded video, the Mooloolaba SLSC has adopted a policy with regard to the use of these video recording devices on club craft.

DIRECTION:

The Mooloolaba SLSC Executive Management Committee has directed that at no time, unless with the Executive Management Committee approval for specific club endorsed activities, shall any video recording device be placed and used on any club craft.

The approved use of any video recording device will be entirely at the owners risk and at no times shall the recorded video be used for private purposes, loaded onto facebook or other internet social communication sites and the video shall remain the property of the Mooloolaba SLSC at all times.
